GRADUATE SCHOOL INFORMATION SESSION

Accelerated Master's Programs (3+2)

+

Traditional Master's Programs

From attacks on our **digital infrastructure** to the rearranging of the **healthcare system**. From the **future of cities** to the **theft of our privacy**. From the **disruption** of every imaginable industry to **harnessing data for the good of citizens**. These are the problems on our mind. Our graduates are equipped with the skills needed to **develop innovative solutions** to address these and many other **societal scale issues**.
